First of all, thanks to all the work and effort in bringing another TCTV Awards Show together. Overall, it was a very nice show.

I would like to offer a few suggestions to the board for future Award Shows:

(1) Limit the number of programs that any producer can submit to any category. With a limit of 3 or 4 programs, the producers would still be able to enter programs, but must decide which are the best programs to enter. Unfortunately, at the last show, we saw a few producers flood a category with too many entries.

(2) While I enjoyed the music provided, the volume level was a bit too loud. Please remind the band not to blast the audience. At the last show, the music was so loud, hearing and understanding another person speaking was difficult.

(3) Assign a staff member or board member to watch the time for the break. At the last show, the break went well past the 10 minutes.

When it comes time to make arrangements for a future Awards Show, please keep these suggestions in mind.

Sincerely,
