***Note:** outcome of all letters sent only includes letters of support or opposition at the State level. Two additional letters were sent, for a total of 55 letters; however they are not included in these metrics. One (1) letter was a letter of concern sent regarding a California Senate Bill that died in a committee. One (1) letter of support was sent to the United States Senate. It is difficult to track results when the City does not take a firm stance of opposition of support and letters at the Federal level since all other bills of interest are at the State level.
