VINE Information

Write down the following information and keep in a safe place:

Offender name

Offender booking number

Your four-digit PIN code

Notes

Do not depend solely on the VINE service for your protection. If you feel that you may be at risk, take precautions as if the offender has already been released.

For crime victims, there is strength in numbers.

Especially this one:

For offender information, call the Los Angeles County VINE® service.

What will VINE do for me?

VINE will tell you if an offender is in a Los Angeles County jail and will give you other important custody information. VINE will also let you leave a phone number where you want to be called automatically when that offender is released, transferred, or escapes from a Los Angeles County jail.

What do I need to do?

1. Call 1-877-846-3452 from a touch-tone phone and follow the directions. You may also register for notification at www.vinelink.com
2. If the offender **is** in a Los Angeles County jail, you can leave your phone number to be called when they are released. Enter the phone number where you want to be reached, including area code, followed by the pound (#) key.
3. When VINE asks, make up and enter a four-digit Personal Identification Number (PIN) code that will be easy for you to remember. Write it on the back of this brochure or in a safe place. VINE will ask for the PIN code when it calls you.
4. When VINE calls, listen to the message, then enter your PIN when asked. Entering the PIN lets VINE know that **you** got the call, and will stop the service from calling you again.

Victim Information & Notification Everyday

- The offender will not know you are registered with VINE.

- If you are not home, VINE will leave a message on an answering machine. If there is no answer, VINE will keep calling back until you enter your PIN code or until 48 hours have passed.
- Since VINE calls automatically when an offender's custody status changes, you may get a call from VINE in the middle of the night.
- Do not leave a phone number with VINE that rings to a switchboard.
- Do not depend only on the VINE service or any other single program for your protection. Make VINE part of your safety plan.
- You can leave more than one phone number with VINE.
