The Torrance Police Department Focuses on the Dangers of Distracted Driving

On December 19, 2022, the Torrance Police Department will conduct an enforcement operation focused on drivers suspected of violating the hands-free cell phone law.

Under current law, drivers are not allowed to hold a phone or electronic communications device while operating a vehicle. This includes talking, texting, or using an app. Using a handheld cell phone while driving is punishable by a fine. Violating the hands-free law for a second time within 36 months of a prior conviction for the same offense will result in a point being added to a driver's record.

"A driver's focus should be on the road, not their phone," Sergeant David Koenig said. "That text, phone call, email or social media post is not worth the risk to yourself and other people on the road."

If you have an important phone call or need to program directions, pull over to a safe parking spot. Before driving, either silence your phone or put it somewhere you can't reach.

Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.

Lieutenant Cody Charley
Traffic and Special Events Division Commander
