

## TORRANCE CENTENARIAN PROGRAM

### **A Century of Grace: Keiko Dorothy Hasegawa Honored at Council Meeting**

In a heartwarming gathering at the City Council Meeting held on Tuesday, September 26th, our community had the privilege of celebrating a remarkable milestone in the life of an extraordinary individual. Keiko Dorothy Hasegawa, a true example of strength, wisdom, and love, was presented with a proclamation and a special Centenarian Coin in recognition of her 100th birthday, a meaningful occasion that was shared with her loving family, the City of Torrance Mayor, and City Council members.

Surrounded by her loving family, who have been deeply influenced by her wisdom and love, Keiko accepted these honors with humility and grace. The room was filled with applause and a profound sense of admiration as we collectively celebrated a life that inspired us all.

As we reflect on this particular evening, let us be inspired by Keiko's journey and the legacy she continues to build. May her centennial celebration serve as a reminder that age is not just a number but a testament to the wealth of experiences, wisdom, and love one shares with the world. Keiko, we celebrate you and are deeply grateful for the light you bring into our lives. Happy 100th birthday!
