**B2023-42**

Jeff Galterio, being first duly sworn, deposes and says:

1. That he is the  
Assistant Secretary  
\_\_\_\_\_ Title

of Sully-Miller Contracting Company  
(Name of Partnership, Corporation, or Sole Proprietorship)

hereinafter called "Contractor," who has submitted to the City of Torrance a proposal for the Construction of Residential and Arterial Pavement Improvement, I-159/I-139;

- 2. That said proposal is genuine; that the same is not sham; that all statement of facts therein are true;
- 3. That such proposal was not made in the interest or behalf of any person, partnership, company, association, organization or corporation not named or disclosed;
- 4. That the Contractor did not, directly or indirectly, induce, solicit or agree with anyone else to submit a false or sham bid, to refrain from bidding, or to withdraw the bid, to raise or fix the bid price of the Contractor or anyone else, or to raise or fix any overhead, profit or cost element of the Contractor's price or the price of anyone else; and did not attempt to induce action prejudicial to the interest of the City of Torrance, or of any other bidder, or anyone else interested in the proposed contract;
- 5. That the Contractor has not in any manner sought by collusion to secure for itself an advantage over any other bidder or to induce action prejudicial to the interests of the City of Torrance, or of any other bidder or of anyone else interested in the proposed contract;
- 6. That the Contractor has not accepted any bid from any subcontractor or materialman through any bid depository, the bylaws, rules or regulations of which prohibit or prevent the Contractor from considering any bid from any subcontractor or materialman, which is not processed through said bid depository, or which prevent any subcontractor or materialman from bidding to any contractor who does not use the facilities of or accept bids from or through such bid depository;

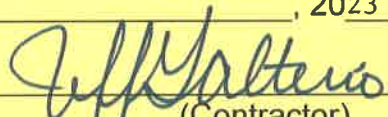

**CONTRACTOR'S AFFIDAVIT (CONTINUED)**  
**B2023-42**

7. That the Contractor did not, directly or indirectly, submit the Contractor's bid price or any breakdown thereof, or the contents thereof, or divulge information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, or to any individual or group of Individuals, except to the City of Torrance, or to any person or persons who have a partnership or other financial interest with said Contractor in its business.

**LIST OF SUBCONTRACTORS  
B2023-42**

The Bidder is required to complete this page in accordance with California Public Contract Code Sections 4100-4114, CHAPTER 4. SUBLETTING AND SUBCONTRACTING. The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of Title 49 CFR (Code of Federal Regulations) part 26 in the award and administration of US DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the recipient deems appropriate. Each subcontract signed by the bidder must include this assurance. Failure of the bidder to fulfill the requirements of the Special Provisions for submittals required to be furnished after bid opening, including but not limited to escrowed bid documents, where applicable, may subject the bidder to a determination of the bidder's responsibility in the event it is the apparent low bidder on a future public works contracts.

**CERTIFICATE OF INCUMBENCY AND RESOLUTION**

I, Anthony L. Martino, II, do hereby certify that I am the Secretary of Sully-Miller Contracting Company, a Delaware corporation, and that as such I have access to and custody of the corporate records and minute books of said corporation.

And I do hereby further certify that the following persons are duly elected officers of said corporation.

<u>TITLE</u>	<u>NAME</u>
Chairman Of The Board	Marcus Leavitt
President	William Joseph Thomas Boyd
Vice President, CFO, Treasurer and Assistant Secretary	Jae Won
Vice President and Assistant Secretary	Scott Bottomley
Secretary	Anthony L. Martino, II
Assistant Secretary	Jeff Galterio
Assistant Secretary	Mark Pachura

I further certify that the following is a true and correct copy of a resolution duly adopted by the Board of Directors of said Company at a meeting held on December 15, 2022, and that this resolution has not been in any way rescinded, annulled, or revoked but the same is still in full force and effect:

**BID TENDERS: GENERAL**

RESOLVED, that any officer of the Corporation be and they hereby are authorized in the name and on behalf of the Corporation, under its corporate seal or otherwise (i) to prepare proposals and bids for the supplying of construction materials and the performance by itself or in joint venture, of work of whatsoever nature in connection with the construction or paving of highways, roads and airports and in connection with earthworks and civil engineering projects of all kinds, together with all work incidental thereto, (ii) to execute and submit any and all such proposals and bids to any governmental authority, instrumentality, or agency of the United States, its several states, territories and possessions, including without limitation, any municipality or other political or corporate subdivision thereof, and to any corporation, partnership, sole proprietorship, or other business entity, (iii) in connection with any such submission, to deliver bid deposits or bonds as may be required and (iv) to execute and deliver definitive agreements binding the Corporation to perform work in accordance with any proposals and bids authorized hereby.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal this 1st day of September 2023.

(SEAL)

Project Duration	Start Date	November 2021	January 2022
	End Date	Est. December 2024	Est. January 2024
Cost	Contract Amount	\$ 121,672,000	\$ 23,680,000
Project Description		<p>Reaching a project boundary length of almost ten miles, the amount of unique work that is required by this project is on an immense scale. The scope of work consists of scheduling; mobilization and demobilization; traffic control; temporary barricade and fencing placement; temporary and permanent striping/markings; temporary crash cushion installation; landscaping that included clear and grubbing, roadside clearing and over two million square feet of hydroseeding; over 110,000 cubic yards of aggregate base placement; cold milling; HMA application; concrete work which included flatwork, curb and gutters, and sidewalks; striping/markings; electrical work that involved signal construction, ramp metering construction, and lighting system installation; as well as a considerable amount of underground work such as pipe culvert construction, pipe and down drain construction, and pipe liner application.</p>	<p>This 23-million-dollar project wasn't just a "run of the mill" construction project, this project was a design-build project that required all of the curb ramps on the on/off ramps and frontage roads along the 210 freeway to be reconstructed to comply with current ADA standard codes. The project limits extended a total of approximately 41 miles that begun 1.4 miles west of the Sunland Boulevard undercrossing and ended just 0.1 miles east of the Baseline Road undercrossing. The project's scope of work consisted of upgrading 264 ADA curb ramps, installation of accessible pedestrian signal systems, and the installation of pedestrian countdown timers. This project, due to its vast length along the 41 mile stretch of the 210 freeway, creates unique challenges that are currently being overcome by the Sully-Miller team's resilience and desire to challenge the ordinary.</p>

# Project Experience

Project Full Name >		2020 Pavement Overlay and Resurfacing Program	Spring Valley Lake ADA Ramps and Various Roads Overlay Project
Facility Information	Project Location	Thousand Oaks, CA	Spring Valley Lake, CA
	Project Owner	City of Thousand Oaks	County of San Bernardino
	Contact Name	Michelle McCarty	Joseph Schweitzer
	Contact Role/ Position	Project Manager	Supervising Engineer
	Telephone	(805) 449 – 2477	(909) 387 – 7936

Project Description	<p>This almost \$13 million dollar job was for Thousand Oaks' annual pavement rehabilitation program. This project's boundaries covered an extremely large area, just over 63 square miles, which presented a unique challenge for overall construction planning. The scope of work for this project covered a majority of cold milling and hot mix asphalt and rubberized hot mix asphalt paving, but also included an enormous amount of full section removal and replace (almost 142,000 square feet), the removal and replacement of over 200 curb ramps, over 8,000,000 square feet of crack seal application, a large quantity of microsurfacing/slurry seal, utility adjusting, striping/marketing and some.</p>	<p>The Spring Valley Lake project was a vast-scale project that required the cold milling and re-paving of over 120 separate locations within a 2.25 square mile project boundary. The project's scope of work included minor concrete work (such as ADA curb ramp, curb and gutter, spandrel, driveway and retaining curb construction), cold milling (over 2,000,000 square feet worth), grading, placing asphalt concrete (including asphalt rubberized hot mix), utility adjustment and striping/marketing work.</p>	
Project Duration	Start Date	May 2020	September 2019
	End Date	December 2020	April 2020
Cost	Contract Amount	\$ 12,995,708	\$ 12,448,000

Facility Information	Project Description	<p>This project consists of the design and construction of a Sheriff's Department Emergency Vehicle Operation Center (EVOC) which will be used to train Sheriff's personnel on safe operation of vehicles operated at high speed and on normal city streets. It includes a 5,000 square foot classroom building with offices, locker rooms, storage, a kitchenette, and restroom facilities, a 44 acre high-speed track, with pursuit track area, a skid pan for training personnel on how to operate vehicles in slippery road conditions and a collision avoidance track to practice avoiding other vehicle or objects in emergency situations. There is also a training vehicle parking lot, as well as a separate employee and class attendee parking lot. The itemized scope of work includes the design and construction of grading, base and asphalt concrete construction, civil construction work, structural work, electrical, underground fire/water system construction, demolition and landscaping.</p>	<p>Stretching over seven miles in three separate locations, the second phase of Compton's reconstruction project was completed with a heavy amount of materials and man-power. The scope of work for this job encompassed cold milling and pavement overlay, base application, full depth reconstruction, concrete construction (curb and gutter, sidewalks, driveways, cross gutters, alley intersections, and curb ramps), pavement striping/markings, utility adjusting and traffic loop installation.</p>
Project Duration	Start Date	March 2020	October 2021
	End Date	February 2022	Est. July 2022
Cost	Contract Amount	\$ 10,790,000	\$ 6,465,000

Project Full Name >		2020 Spring Pavement Management Program	2018-19 Overlay Project A
Facility Information	Project Location	Lancaster, CA	Santa Clarita, CA
	Project Owner	City of Lancaster	City of Santa Clarita
	Contact Name	Vickie Zhao	Julia Regan
	Contact Role/ Position	Assistant Engineer	Project Manager
	Telephone	(661) 945 – 6869	(661) 255 – 4301
	Email	<a href="mailto:vzhao@cityoflancasterca.org">vzhao@cityoflancasterca.org</a>	<a href="mailto:jregan@santa-clarita.com">jregan@santa-clarita.com</a>
Project Duration	Start Date	September 2020	July 2019
	End Date	December 2020	December 2019
Cost	Contract Amount	\$ 6,252,000	\$ 4,480,399
Project Description		<p>Totaling to a distance of over four miles, this project not only included the rehabilitation of almost a one-mile portion of two-lane arterials, but also encompassed the reconstruction of over three miles of 10<sup>th</sup> Street West in Lancaster CA, which is one of Lancaster's largest arterial roadways. Sitting at six lanes wide, the reconstruction called for a mass amount of hot mix asphalt concrete, over 12,000 tons, and asphalt rubber hot mix concrete, over 13,000 tons. However, this project did not only include the planning and paving of asphalt, the scope of work also included curb ramp reconstruction, minor electrical work, slurry seal application, aggregate base application, and signing, striping, and marking.</p>	<p>With a proposal plan of a base bid and seven alternates, the sheer breadth of the Santa Clarita annual overlay project had its initial challenging elements. Not only did the scope of work include general key-cut grinding, cold planning and overlay of various hot mix asphalts, but there was also a significant amount of full depth removal and replace, as well as utility adjusting, traffic loop installation, striping/marking and some minor concrete work.</p>

Project Full Name >		Pavement Rehabilitation at Various Locations – Street, Water, and Sewer Improvements	Greenstone Avenue Street Improvements
Facility Information	Project Location	Lynwood, CA	Santa Fe Springs, CA
	Project Owner	City of Lynwood	City of Santa Fe Springs
	Contact Name	Noe Martinez	Robert Garcia
	Contact Role/ Position	Public Works Assistant	Associate Civil Engineer
	Telephone	(310) 603 – 0220	(562) 868 – 0511
	Email	<a href="mailto:nmartinez@lynwood.ca.us">nmartinez@lynwood.ca.us</a>	<a href="mailto:robert.garcia@santafesprings.org">robert.garcia@santafesprings.org</a>
Project Duration	Start Date	October 2020	June 2019
	End Date	February 2021	January 2020
Cost	Contract Amount	\$ 3,468,000	\$ 3,444,361
Project Description		<p>With a job location spanning over five square miles in six different unique locations, this project proved to have challenging aspects not only from its location, but also with its broad scope of work. This job included level work such as street resurfacing, various types of concrete work, traffic signing and striping; as well as underground work at the various locations, which incorporated sanitary sewer system repairs (with CIPP lining), new water mainline installation including the service laterals, smart metes, fire hydrants and appurtenances.</p>	<p>At just over a mile long and exiting in a location within a heavy industry district in Santa Fe Springs, Greenstone Avenue needed an overhaul to say the least. The full scope of work included with this project was cold milling of asphalt concrete, applying a new layer of asphalt rubber hot mix asphalt, application of roller compacted concrete, utility adjustment, signing, striping and the construction of PCC curb and gutters, curb ramps, driveways, cross gutters and sidewalks. The city of Santa Fe Springs provided an offsite (yet close to the jobsite) lot that contained a mobile asphalt plant to induct and mix the materials needed for the roller compacted concrete, which was then transported to the job site.</p>

Project Duration	Start Date	February 2020	April 2020
	End Date	July 2020	May 2021
Cost	Contract Amount	\$ 3,258,000	\$ 2,623,000
Project Description		<p>Located directly off of Prairie Avenue sits the Forum, an iconic entertainment venue, and the (at the time) currently under construction Sofi Stadium. Both of which bring heavy traffic to this two mile stretch of a six lane arterial. The scope of work for this improvement project included surveying, traffic control, over 500,000 square feet of cold planning, construction of hot mix asphalt and asphalt rubber hot mix, placement of base material, almost 1000 cubic yards worth of concrete improvements, utility adjustment, signing, striping, and traffic loop restoration.</p>	<p>At just under a mile, this four lane arterial required more than just a standard grind and overlay. On top of the cold planning, hot mix asphalt placement, base application and minor concrete work, this job's scope of work also included, traffic signal construction/relocation, minor electrical work, utility adjustment and a large amount of beautification work. The beautification work encompassed the construction of tree wells, tree planting, mulch placement, top soil furnishing, almost 10,000 square feet of landscaping and the application of cobblestone.</p>

Project Duration	Start Date	May 2020	July 2021
	End Date	November 2020	August 2021
Cost	Contract Amount	\$ 2,536,331	\$ 2,067,000
Project Description		<p>To preserve the historical significance of the Twenty Mule Team Road, where a majority of the work for this project had been done, constructing and/or reconstructing the pedestrian pathways and the asphalt of the road itself was completed with much care and respect. Adding up to almost four miles in distance, the job itself had notable concrete and asphalt quantities for a two-lane road, consisting of over 1000 cubic yards of Portland cement concrete and over 5000 tons of asphalt cement. The complete scope of work for this project included constructing Class 1 bike paths, multi-use paths, sidewalks, curbs, gutters, curb ramps, drive approaches and paving hot mix asphalt concrete.</p>	<p>This project called for a mass amount of pavement to be cold planed and repaved, over one million square feet, and required a polymer modified asphalt concrete instead of conventional hot mix asphalt or rubberized hot mix asphalt. This project also included surveying, striping, marking, utility adjusting, and traffic control within its scope of work.</p>

**VIOLATIONS OF FEDERAL, STATE OR LOCAL LAWS  
B2023-42**

1. Has your firm or its officers been assessed any penalties by an agency for noncompliance or violations of Federal, State or Local labor laws and/or business or licensing regulations within the past five (5) years relating to your construction projects?

Yes/No:   No   Federal/State: \_\_\_\_\_

If "yes," identify and describe, (including agency and status): \_\_\_\_\_

---
